Who is **Certified Pet Registration?** ...and why should you CPR your Dogs?

Certified Pet Registration® is one of the fastest growing pet registration services today. Registering both pure bred and hybrid dogs in a single, global database through our state of the art website, CPR is your one stop source for pet registration. CPR is committed to excellence and offers the fastest and most professional pet registrations available today.

WHY Register Your Pets?

Did you know? Most animal shelters require proof of ownership to claim your pet. Not only does registering your pet provide you assurance of accurate genealogy, it is also a record of documentation which is equivalent to a birth certificate of a child or a title to a new car. By registering your dog with Certified Pet Registration, your pet is recorded in our database and each dog is issued its own identifying pin number for tracking. In case your pet is ever lost or stolen, your registration will record proof of ownership. When you register with Certified Pet Registration, you will always have online access to view your dog's information and re-print your certificates in case your original is lost.

CPR supports responsible dog breeding. If you choose to breed, both parents must be registered with CPR to be able to register the offspring. If you own dogs that are registered with other registries, no problem, we will register any dog that is already recognized by another registry. Visit our site for more information and to view helpful articles on breeding, health and genetics.

We also offer laminated photo certificates, pedigrees, photo pedigrees, and photo ID cards.

Please include clear photo with photo registrations. Photos can be mailed or emailed to info@cpryourdog.com
