Not only does registering your new pet provide you with assurance of accurate genealogy, registering also provides a record of documentation proving ownership. Registering your pet is equivalent to a birth certificate of a child or a title to a new car. By registering your dog with Certified Pet Registration, your pet is recorded in our database and each dog is issued its own identifying pin number for tracking. In case your pet is ever lost or stolen, your registration will record proof of ownership that you will always have access to 24 hours a day.
